

Angel Fire

Dolores O'Riordan

Another lonely night in December

(Jaweh, Jaweh, Jaweh)

It is the time of year people remember

(Jaweh, Jaweh)

I can't find a word to say to you

I can't comprehend, I can't relate to you

Plain to see no flies on me

Take me higher Angel Fire

Take me where I want to go

Teach me things I need to know

Plain to see no flies on me

Take me higher Angel Fire

Take me where I want to go

Teach me things I need to know

I'm knowing this could be our last event

(Jaweh, Jaweh, Jaweh)

I'm knowing I am your youngest descent

I don't want to know your pain

I don't want to play the game

Plain to see no flies on me

Take me higher Angel Fire

Take me where I want to go

Teach me things I need to know

Plain to see no flies on me

Take me higher Angel Fire

Take me where I want to go

Teach me things I need to know

I can't find a word to say to you

I can't comprehend, I can't relate to you

Plain to see you faithfully

Take me higher Angel Fire

Take me where I want to go

Teach me things I need to know

Can't you see you're made for me

Take me higher Angel Fire

Take me where I want to go
Teach me things I need to know
Can't you see you're made for me
 Take me higher Angel Fire
 Take me where I want to go
Teach me things I need to know

(Who knows)
