

That's What I Get for Loving You

Diamond Rio

I start every day with a smile on my face
And the feel of a kiss on my lips
When the world plays too rough, I can find a healing touch
Lifes never been better than thisThats what I get for loving you
Heavens right here in my hands
A dream that is real and a heart that beats true
Thats what I get for loving youThere was a time I walked outside the lines
I only thought of myself
Then you sat me down, turned my head around
Now, I put you before everything elseThats what I get for loving you
Heavens right here in my hands
A dream that is real and a heart that beats true
Thats what I get for loving youLove is a feeling I never knew much about
Forever a word I never said until nowThats what I get for loving you
Heavens right here in my hands
A dream that is real and a heart that beats true
Thats what I get for loving youThats what I get for loving you
Heavens right here in my hands
A dream that is real and a heart that beats true
Thats what I get for loving you
