Jesus Is

Jesus Is: Jeremy Rosado

Truth is, right now itâ€™s hard to breathe
The weight of the world is crushing me-e
But even in this I still believe
That greater is he, changes everything

Whoâ€™s going to be my source of hope?
The only anchor that will hold?
//Jesus Is//
Whoâ€™s going to lift me off my knees?
Stand me up in victory?
//Jesus Is//

Right now, we may not be so clear
How it all unfolds from here
But your promises wonâ€™t disappear
You are with me, I wonâ€™t fear

Whoâ€™s going to be my source of hope?
The only anchor that will hold?
//Jesus Is//
Whoâ€™s going to lift me off my knees?
Stand me up in victory?
//Jesus Is//
My Jesus Is

//My rock, my strength, my shelter
My peace, my strong defense
My joy and my salvation
My song, my confidence//
Whoâ€™s going to be my source of hope?
The only anchor that will hold?
//Jesus Is//
Whoâ€™s going to lift me off my knees?
Stand me up in victory?
//Jesus Is//
I know
//Jesus Is//

My Jesus Is
