

# In Berlin

## Electrelane

There is thunder in Berlin  
We fell down under a moving sky  
When you walked into the room tonight  
Lighting took hold of my heart for a while  
You are all that I want  
You are all that I need  
Snow will come and cover this town  
If we freeze I want to freeze next to you  
City lights shine overheads  
I never want to leave you  
You are all that I want  
You are all that I need  
You are all that I've longed for this wintertime  
You are all that I need
