

Life to Me (feat. Ky-Mani Marley)

Alborosie

Yeah well this is a royal love
... by the Most High you know
I got to let you know girl
A true love You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you get to me
You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you give, life you give to me
You never keep on collection
From school days some still your selection
Trough the season I still have no objection
I'll be your shield and protection
RasTafari love and I-tal affection
Trough the pain on 9 months of refections
Trough the tears, the fall outs and the injections
I was there trough the bleeding and see section You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you get to me
You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you give, life you give to me
... to share precious time with I&I
Thank you for always come back after many good byes
And thank you to overcome arguments and lies
Thank you for not losing me outta your sights
(Girl) you took me to a place I never see yet
You show me love when love outta threat
And when you hold me I don't ...
Heart and sould and mind set You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you get to me
You are so beautiful I say
I would watch you night and day

Every single breath you take
Is new life you give, life you give to me
Girl when I'm wrapped up in your loving arms
I can ... trough ... storm, girl
You give me love and affection
(Love and affection)
I give you love and protection, girl
You're the only one for me and all
And I will never ever let you go, girl
It's your royal love (royal love)
Make this ya royal love I would watch you night and day
Is new life you get to me
You are so beautiful I say
(Beautiful I say)
Every single breath you take
Is new life you give You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you get to me
You are so beautiful I say
I would watch you night and day
Every single breath you take
Is new life you get, life you give to me
