

# Whatâ€™s Now Is Now

## Cake

You should've told me when it all began

You should've told me long ago

Someday I know you're gonna find

Just one mistake is not enough to change my mindWhat's now is now

And I'll forget what happened then

I know it all

And we can still begin againAnd if the doubting faces made you go

It's only mine that matters now

Those looks will soon begin to fade

If you come back and show them all, you're not afraidWhat's now is now

And I'll forget what happened then

I know it all

And we can still begin againNow that you know, how much I understand

You have no reason to be gone

And if you feel at all like me

Just let me know, I'll make it like it used to beWhat's now is now

And I'll forget what happened then

I know it all

And we can still begin againWhat's now is now

And I'll forget what happened then

I know it all

And we can still begin againWhat's now is now, now is now
