

Love Machine

Reckless Love

Who's in charge
Who's livin large
Who makes the world turn baby
Who's in the winning team
Who really keeps you shaving
Who knows what I mean

Girls play with boys
Girls and they use em as toys
Girls n they give you no choice
But my girl rocks

She's my love machine
Got me kinda lovin I have never seen
She's my love machine
She is a bit obscene

Woo-ooo Love machine
Rockin little lover that is what I need
She's my love machine

They got tight pants
and they caught your eye
you stand no chance
still you gotta try

Girls and they use em as toys
Girls n they give you no choice
But my girl rocks

She's my love machine
Got me kinda lovin I have never seen
She's my love machine
She is a bit obscene
woo-ooo Love machine
rockin little lover that is what I need
never gonna stop
flippin over every top baby
Love machine
