She's Going

The English Beat

Don't want him
But she can't bear to tell him
Don't love him
Love is uncompromising
Can't leave him
No never never,
So next time she meet him they'll both be in heaven.

In a de corner,
But she hardly makes a sound
She never get the energy to hit the ground.

Like her prescription
The drink tastes bitter
As she turns round
Found out that something hit her
Would he notice?
No never never never
Would he miss her?
She doesn't really care

I guess you thought it was an ordinary row.
Well you were wrong.
Just take a look at her now.

She's leaving,
Too late to take her home.
She's going,
Too late to tell her you love her.
She's freezing,
Rather be dead than alone.
She's going,
I think you're too late she's gone.

Worry worry
Over the way things are
She tried to tell him
About the way they might have been happy!,
But now it's gone too far

She'd rather die than live to behave so badly,

She found out that you don't give a damn
Just watch the spirit slipping out of her hand.

She's leaving,
Too late to take her home.
She's going,
Too late to tell her you love her.
She's freezing,
Rather be dead than alone.
She's going,
I think you're too late she's gone.
