

# Money (In God We Trust)

## Extreme

Hallelujah

Now I lay, I lay me down to sleep

Hallelujah

Almighty dollar

I praise the lord afford my roll to keep

Hallelujah

Almighty dollar

Money

I need more money

Just a little more money

Yeah, I need more money

Money, money

I need more money

I need more money

Just a little more money

Just a little more money

Yeah, I need more money

Yeah, I need more money

And give us these days

Our daily bread

Only you we praise

Almighty dollar

Money

My personal savior

Money

A material lust

Money

Life's only treasure

Money

In God we trust

And if I should die before I wake

Hallelujah

Almight dollar

I'm gonna take the money that I make

Hallelujah

Almighty dollar

Money

I need more money

Just a little more money

Yeah, I need more money

Money, money

I need more money

I need more money

Just a little more money

Just a little more money

Yeah, I need more money

Yeah, I need more money

And give us these days

Our daily bread

Only you we praise

Almighty dollar

Money

My personal savior

Money

A material lust

Money

Life's only treasure

Money

In God we trust
