

# It'll Be OK

## Kindness

When we first begun, it was everyone  
Had the choice of everything and everyone  
Now you know the facts and you're on your own  
I'll be all you need

When we first begun, it was everyone  
Had the choice of everything and everyone  
Now you know the facts and you're on your own  
I'll be all you need

If it were just us it'd be ok  
Don't need no-one else it'll be ok  
I'll be there for you, it'll be ok  
We've got only

If it were just us it'd be ok  
Don't need no-one else it'll be ok  
I'll be there for you, it'll be ok  
We've got only

When we first begun, it was everyone  
Had the choice of everything and everyone  
Now you know the facts and you're on your own  
I'll be all you need

When we first begun, it was everyone  
Had the choice of everything and everyone  
Now you know the facts and you're on your own  
I'll be all you need

If I was to be your only friend  
If I was to be your only friend  
You need someone like me you can depend  
On me, on me

Cause if I was to be your only friend  
If I was to be your only friend  
You need someone like me you can depend  
On me, on me

If I was to be your only friend  
If I was to be your only friend  
You need someone like me you can depend  
On me, on me

If I was to be your only friend  
If I was to be your only friend  
You need someone like me you can depend  
On me, on me
