Halloween

Dropkick Murphys

Bonfires burning bright
Pumpkin faces in the night
I remember HalloweenDead cats hanging from poles
Little dead are out in droves
I remember HalloweenBrown leafed vertigo
Where skeletal life is known
I remember HalloweenThis day anything goes
Burning bodies hanging from poles
I remember HalloweenHalloween, Halloween, Halloween, HalloweenCandy apples and razor blades
Little dead are soon in graves
I remember HalloweenThis day anything goes
Burning bodies hanging from poles
I rememberHalloween, Halloween, Halloween, Halloween
Halloween, Halloween, Halloween, Halloween
