

# Drifter

## DecembeRadio

I used to have a home, a place I started from  
A place to call my own  
the bright lights and late nights, the devil took me on a midnight ride  
Left me out in the desert on my own And now I feel alone  
I need a hand to help me  
Find my way back home I'm a drifter out on a dead end road  
Tryin' to find my way back home  
To get to you, oh, to get to you  
Lord, I've been gone for far too long  
Headed to places, I don't belong  
And I've got to get back home to you Sometimes, I think about the past, the road that I was on  
The road that lead me home  
I'll walk on another day, I may wonder but I never stray  
I found out the hard way, sin don't pay And now I feel alone  
I need a hand to help me  
Find my way back home I'm a drifter out on a dead end road  
Tryin', to find my way back home  
To get to you, oh, to get to you  
Lord, I've been gone for far too long  
Headed to places, I don't belong  
And I've got to get back home to you Oh, and when I feel the night is closing in  
And I can barely breathe the air  
I just remember that I've got a friend  
Who really cares, oh, who really cares I'm a drifter out on a dead end road  
Tryin' to find my way back home  
To get to you, oh, to get to you  
Lord, I've been gone for far too long  
Headed to places, I don't belong  
And I've got to get back, Lord, I've got to get back I'm a drifter out on a dead end road  
Tryin', to find my way back home  
To get to you, yeah oh, to get to you  
Lord, I've been gone for far too long  
Headed to places, I don't belong  
And I've got to get back home to you Take me home  
Lord, I'm a drifter coming home  
And back home to you, yeah yeah
