

So Now Goodbye

Kylie Minogue

Goodbye

Goodbye

GoodbyeRemember when I saw you for the first time

I never thought you'd be mine

Then we went ahead and fell in loveHeaven was our common ground

We were never coming down

The two of us, we had more than enoughYou and I are not the same

To you love is just a game

Things will never be the same againSo now goodbye, this time I will be gone, goodbye

I stayed for way too long, it started out with trust

But it isn't just about the good times babyRemember all the promises we swore to

Can't say I didn't warn you

How I did adore you way back then

(I did adore you, adore you, adore you)But you broke a solemn vow

Ha! You're paying for it now

Wouldn't you expect more from a friendYou and I are not the same

To you love is just a game

Things will never be the same againSo now goodbye, this time I will be gone, goodbye

I stayed for way too long, it started out with trust

But it isn't just about the good times babyThis is why I'm saying goodbye, this time I will be gone goodbye

I stayed for way too long, I don't need your lust

And I am oh so tired of excuses baby

Don't make excuses babyGoodbye

Goodbye

GoodbyeGoodbye, this time will be gone, goodbye

I stayed for way to long this time, it started out with trust

But it isn't about the good times babySo now goodbye, this time I will be gone goodbye

I stayed for way too long, I don't need your lust

And I am oh so tired of excuses babyThis is why I'm saying goodbye, this time I will be gone goodbye

I stayed for way too long, it started out with trust

But it isn't just about the good times babySo now goodbye, this time I will be gone goodbye

I stayed for way too long, I don't need your lust

And I am oh so tired of excuses baby
