

"Staremaker (Elbereth)"

Dark Moor

When day is out, i can see in the sky
Plentyful forest made with the stars
In cold night, i can feel the near-by
goddess of asters no matter thou art so far[Bridge]
 but in my sorrow i need to see
 beatiful sunsets, precious to thee
 and in my travels when they're too long
i'm just pay worship with this sweet song[Chorus:]
 Everytime I gaze the blue sky
 filling thy grace with love tears my eyes
 In thy face see the space
 in my cry, hear a sight
Praying for thy lighta during ship crossing the sky by day
 Sailing the morning. light is its trade
 A silver ship for love starting the chase
when the night comes the light dies away[Bridge][Chorus]
