All For One

Primal Fear

Hold back the night, my darkest dreams
I'm standing right beside you, enemy
I'll take your fate into this world
And I will follow you into the dawnI will unbind your chains
Release you to reality
The army of the dead
Will rise again, alive againLook into the unknown mirror
See the face that burns the land
Eye to eye with this evil monster
Hand in handTake your brave heart in a fighting moment
Anger rises everywhere
Lost leaders give us hope
And wake up the deadHigh spirits and emotions are coming back to us
The oppression takes too long, lost everything
The eyes are turning black, the fighting spirits back
We raise our hands in faith, the day of reckoningWe have a chance
And we're holding back the moment
When the morning comes
The battle will be wonOne dream, one heart
We are all for one, we fight for our destiny
One dream, one heart
We are all for one, we're living in our agony
All for oneWe have a chance
And we're holding back the moment
When the morning comes
The battle will be wonOne dream, one heart
We are all for one, we fight for our destiny
One dream, one heart
We are all for one, we're living in our agonyOne dream, one heart
We are all for one, we fight for our destiny
One dream, one heart
We are all for one, we're living in our agony
All for one, all for one, all for one, all for one
