## On the First Night

## LaFee

one look into your eyes i can tell whats on your mind but the time ain't right to feed the fire please understand, I'm not readybeen dreaming of, the two of us together i want it too, oh do i ever but, the timing ain't right, we've got to take our time be patient, I'm not readyon the first night this can't go down please understand, that ain't what I'm about on the first night i need you to wait cause the time's not right for all the waywill you do me will you do me will you do me, this favourI've been dreaming of, the two of us together me giving in, on a night to remember i am so scared to loose you, but we can't go ahead tell me true now, do you love me?on the first night this can't go down please understand, that ain't what I'm about on the first night i need you to wait cause the time's not right for all the wayis this love this could be love i love to love you please don't rush meon the first night this can't go down please understand, that ain't what I'm about on the first night i need you to wait cause the time's not right for all the wayon the first night, i need you to wait
