

# Farewell, Farewell

**Sandy Denny**

Farewell, farewell to you whod hear  
    You lonely travelers all  
The cold north wind will blow again  
The winding road does callAnd will you never return to see  
    Your bruised and beaten sons  
Oh I would, I would if welcome I were  
For they loathe me every oneAnd will you never cut the cloth  
    Or drink the light to be  
    And can you never swear a year  
To anyone but weNo, I will never cut the cloth  
    Or drink the light to be  
    But Ill swear a year to one who lies  
Asleep along side of meFarewell, farewell to you who would hear  
    You lonely travelers all  
The cold north wind will blow again  
The winding road does call
