

# Blue Sky Action (feat. Ruby Chase)

## Bad Royale

I get tired of life  
What a world I'm living in  
Now I've got it all  
I've had enough, I'm giving inThe sun is shining  
Melting the clouds away  
Got me some blue sky action  
I'm breathing today  
I know I'm burning  
This is my final day  
I'm gonna go out smiling  
A king for a day  
A king for a day  
A king for a dayStuck in this toxic town  
It really takes my breath away  
It's either leave or drown  
I'm on a blue sky getawayThe sun is shining  
Melting the clouds away  
Got me some blue sky action  
I'm breathing today  
I know I'm burning  
This is my final day  
I'm gonna go out smiling  
A king for a day  
A king for a dayA king for a day  
The sun is shining  
Melting the clouds away  
Got me some blue sky action  
I'm breathing today  
I know I'm burning  
This is my final day  
I'm gonna go out smiling  
A king for a day  
A king for a dayA king for a day
