

Steady As the Rain

[Dolly Parton](#)

(Dolly Parton) Raindrops tumble to the ground
Making puddles all around
Drops of rain that look like tears
Fall on my window pane Raindrops seem to harmonize
With teardrops falling from my eyes
And my tears keep falling down
As steady as the rain Steady as the rain they fall
Tears that just won't dry at all
Tears that cannot wash away the pain
Sometimes without knowing it
I touch my face and find it wet
And my tears keep falling down
As steady as the rain I can't face the fact that
I am not important in your life
Once you lived for rollin' me
And then your feelings changed
There's just no gettin' over you
I try so hard, but it's no use
And my tears keep falling down
As steady as the rain Raindrops just keep falling down
Beatin' out their rhythmic sounds
Dancin' as they play their sweet refrain
Memories of you cloud my mind
Cloud my eyes and I start cryin'
And my tears keep falling down
As steady as the rain
As steady as the rain Steady as the rain they fall
Tears that just won't dry at all
Tears that just won't wash away the pain
Memories of you cloud my mind
Cloud my eyes and I start cryin'
And my tears keep falling down
As steady as the rain
As steady as the rain
