

How Blue

Reba McEntire

How blue can you make me?
How long till I heal?
How can I go on loving you when you're gone?
How blue can I feel? Oh honey, why did you leave me?
Ain't you got a heart left in your chest
I swear to you that I'm dying
'Cause my mind won't let my body rest How blue can you make me?
How long till I heal?
How can I go on loving you when you're gone?
How blue can I feel? If I sink any lower I'll go under
If I cry anymore I'll go blind
Oh there ain't no relief for this missing you grief
How long can you torture my mind?
