Fresh

Shawn Desman

S.D. in the house tonight
Move your body from left to right
You know you looking so fresh tonight
So shorty don't stop
The way you're looking at me, drives me crazy
Girl don't you know
The way you work it, way you twork it
It's just out of control
You got the whole place wondering who's that girl
They all wanna know
I'm tryna hold back, but it's so hard with you standing so close
So fresh
Pushing up on me, don't stop
So fresh
Winding your body, don't stop
I don't think you know the way you're affecting me
I'm helpless
Girl, you're just so fresh (fresh)
Shorty, the way your dress fits perfectly
It's so sensual
Messes with my breathing, got me acting so irrational
Is it my imagination, or are you ready to go?
'Cause I can hold back, it's just too hard with you standing this close
So fresh
Pushing up on me, don't stop
So fresh
Winding your body, don't stop
I don't think you know the way you're affecting me
I'm helpless
Girl, you're just so fresh fresh (fresh)

S.D. in the house tonight
Move your body from left to right
You know you looking so fresh tonight
So shorty don't stop
S.D. in the house tonight
Move your body from left to right
You know you looking so fresh tonight
So shorty don't stop 'til the morning light

So fresh
Pushing up on me, don't stop
So fresh
Winding your body, don't stop
I don't think you know the way you're affecting me
I'm helpless
Girl, you're just so fresh fresh (fresh)
So fresh
Pushing up on me, don't stop
So fresh
Winding your body, don't stop
I don't think you know the way you're affecting me
I'm helpless
Girl, you're just so fresh fresh (fresh)
She says I'm, she says I'm, she says I'm fresh (fresh)
She says I'm, she says I'm, she says I'm fresh (fresh)
She says I'm, she says I'm, she says I'm fresh (fresh)
She says I'm, she says I'm, she says I'm fresh (fresh)
