

Inside And Out

Mother of Mercy

Baby, I can't figure it out
Your kisses taste like honey
Sweet lies don't gimme no rise
Oh, for what you're trying to do
Livin' on your cheatin' and the pain grows inside me
It's enough to leave me cryin' in the rain
Love you forever but you're drivin' me insane
And I'm hangin' on, oh, oh, oh, oh
I'll win, I'll never give in
Our love has got the power
Too many lovers in one lifetime
Ain't good for you
You treat me like a vision in the night
Someone there to stand behind you
When your world ain't working right
I ain't no vision, I'm the girl
Who loves you inside and out
Backwards and forwards
With my heart hangin' out
I love no other way
What are we gonna do if we lose that fire?
Wrap myself up and take me home again
Too many heartaches in my lifetime ain't good for me
You figure it's the love that keeps you warm
Let this moment be forever
We won't ever feel the storm
I ain't no vision, I'm the girl
Who loves you inside and out
Backwards and forwards
With my heart hangin' out
I love no other way
What are we gonna do if we lose that fire?
Don't try to tell me that it's over
I can't hear a word, I can't hear a line
No girl could love you more
And that's what I'm cryin' for
You can't change the way I feel inside
You're the reason for my laughter and my sorrow
Blow out the candle, I will burn again tomorrow

No man on earth can stand between my lovin' arms
And no matter how you hurt me, I will love you till I die
I ain't no vision, I'm the girl
Who loves you inside and out
Backwards and forwards
With my heart hangin' out
I love no other way
What are we gonna do if we lose that fire?
Loves you inside and out
Backwards and forwards
With my heart hangin' out
I love no other way
What are we gonna do if we lose that fire?
Inside and out
Inside and out
Inside and out
Inside and out
Inside and out
Inside and out
