

Number One

Tinchy Stryder

Ah uh uh oh
Ah uh uh oh
Ah uh uh oh
Ah uh uh oh (na na nai) Ah uh uh oh
Ah uh uh oh (Tinchy Stryder)
Ah uh uh oh (N dubz)
Ah uh uh oh (yo) It was nothing but a quick thing fuck off
Kids games, kiss chase, just a quick fling
Now I'm hoping you never go missing
Now I'm telling you, you can hold this ring, watch how it glistens It was done as quick as the wind blows
Didn't think I would ever be involved
So I even wrote a song called "Don't Go"
Now its just you and me on a love row Dappy like dino us two tip toes duck dive get low
And now I care less about who knows
Now we're deep in way past intro dappy explain yo See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one See I don't understand how you're number one
When it was just a thing before now, you're the one
See all I did was blink twice, from my homie to my only
Number one Ah uh uh oh
Ah uh uh oh
Ah uh uh oh
Ah uh uh oh Yo
It was all now never planned no after
It was like games jokes laughter
Live for the moment, left it all open
Now I'm in deep, flames, lava, breathe, karma And now I'm stating, see I never saw this in my daydream
Its really you that I'm fully rating
And the days here no more waiting Pay it all wise to the smart man raised him
I was so hurt, pain, aching
On the wrong path then a good girl saved him
That's why I'm letting man know she's amazing See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one See I don't understand how you're number one
When it was just a fling before now, you're the one
See all I did was blink twice from my homie to my only
Number one You lift me off the ground

I always want you around
I ain't gonna let nothing get in the way
Ill never let nothing get in the way You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way Yo, I ain't never gonna let nothing get in the way
You play your cards all right you're an Ace
You make my nights so bright you're my days
You took me out of the maze
You are number one See I don't understand how you're number one
When it was just a thing before now, you're the one
See all I did was blink twice from my homie to my only
Number one You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way Number one in the race you're a leader
Girl you're out of this world I cant see ya
Uh oh oh oh
And now you got a place in my heart
Its funny how you actually went
From my homie to my only
Number one
