

# I'm Set

## Goodie Mob

Black skills to the drill nigger back on skill  
When the rap goes...shorty we the real  
Rub shoulders with burning...I'm burning coasters  
Deep ties with both sides we're rollercoasters  
OGI Jones my walk my talk I chin  
Look so G I know  
All on both feet  
Four deep but so deep I'm set Hip-hop before 4-5, 4-5 nigger  
Keep a cold line push dog nigger  
10 tall stay down  
Flame on blood hound  
Crown me king jack  
Let the cap go kill  
We gonna fire up the grill  
You know how I live  
Mob team right here  
What up? What up?  
Hey you know I sound psycho  
Whack motherfucker we set  
I'm set  
On the right shine  
We are on the right shine  
Are you who?  
Or should I say Sue who?  
I know whatch'all thinking  
Oh my God, not you too  
I don't slang no bang  
But I kill a motherfucker like  
It ain't no thing  
I'm set  
I got Joe, got Moe, got OJ and I'm set Red team bout to blow motherfucker  
I'm set  
What up?
