# Last Chance

## Quarterfly

Yo, I could've been had fame
Jump shot with a stupid ass aim
'Cause you couldn't get around the last name
So my crossover wins the last game
And it's ill, right?
Switched up the flow, but it's still right
Go back to that, yeah, I still might
I'ma just do me when it feel right
You can bring it any day
Natural bad ass, NBA
That's my initials, that's why officials
Don't blow the whistle, bang, bang the pistol
And I'm bossy
Can't keep these ho's up off me
Damn the flow nasty, coffee
Don't you do like the Pope and cross me
Yeah, this is my last chance, last chance
Yeah, this is my last chance, then shoot
I'm ready to shoot
I'm ready to shoot
Ready to shoot
I'm ready to shoot
Ready to shoot, ready to shoot
I'm ready, I'm ready to shoot
Ready to shoot
I'm ready, I'm ready to shoot
I'm ready to shoot
I get it in though
No sexual innuendo
Nobody that I can just depend on
Until I touch down in the end zone
And then they come out like roaches
P-p-pecking away like vultures
But little did they know, distribute the payroll
Pick up the outfit, pick out the single
Sadly, I'm so business savvy
Similar protocol but the tidbits vary
Never been like me and never been like this
My flows are crisis, they scream in high pitch

Gun cock, pause

And I'm well aware of the gun laws
Tell 'em that I'm running for the top, Forbes
Headed to the top dot org
Yeah, this is my last chance, last chance
Yeah, this is my last chance, then shoot
I'm ready to shoot
I'm ready to shoot
I'm ready to shoot
I'm ready to shoot
I'm ready to shoot
I'm ready to shoot
All the days of my life
I have been waiting for this time
Could you believe now it's right
Before my eyes?
Anybody trying to stop me
Better not fuck with me this time
Shoot, I'm ready to shoot
Into the sky
Yeah, this is my last chance, last chance
Yeah, this is my last chance, then shoot
I'm ready to shoot
I'm ready to shoot
Only one chance, one bullet in the gun
(I'm ready to shoot)
This is my life and I only got one, yeah
(I'm ready to shoot)
I'd rather do that, then I put it on stun
(I'm ready to shoot)
Oh, stick 'em up, stick 'em up
(I'm ready to shoot)
Only one chance, one bullet in the gun
This is my life and I only got one, yeah
The safety's off and I put it on stun
Oh, stick 'em up, stick 'em up
Ready to shoot, yeah, yeah
I'm ready to shoot
This is my life and I only got one, yeah
The safety's off and I put it on stun
Get ready, I'm ready to shoot
