So in Love with You

Inca Silver

I'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouAye yo, check this out
Now You were after me for so long
But I would walk by, ignore You and roll on
Had all I needed just thinking I'm so strong
Just believing that nothing could go wrongBut never seeing just really what goes on
You'd start speaking and I was like hold on
Well, I'm just fiending like I could do no wrong
All that time I'm out cheating just all alongBut looking back I was treating You so wrong
I admit that it's seeming I chose wrong
But I've been meaning to change now for so long
And this is the reason I wrote just the whole songYou are all I ever need
You are my everything
You are my only thing
And the reason why I singI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouWell, just like that, well, everything changed
And I started looking at You in a whole different way
And it's kind of strange but really I'm amazed
How You caught my eye and You called my nameSee I'm the type of guy who thought he had it made
But I can't lie, ain't nothing been the same
Since the time I changed and You came my way
And rearranged my whole space in such major waysAnd to think I used to just take Your name in vain
But I'm so in love with You that I just won't contain
The way that I feel 'cause I just can't explain
And this is the only way I can sum up what I'm saying
It's aYou are all I ever need
You are my everything
You are my only thing
And the reason why I singI'm so in love with You

I'm so in love with You
I'm so in love with You
I'm so in love with YouI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouNow we been together for a while now
And every day You find a way to make me smile now
So all I gotta say just every time now
I don't ever want to stray just any time nowI just want to know all Your ways just every time now
And just for all my days I wanna find out
That Your love and Your grace, well, it's all mine now
And this is all I can say in every rhyme now is thatI can't get enough
I'm so in love with You
This is what I wanna do
Is be so in love with YouI can't get enough
I'm so in love with You
This is what I wanna do
Is be so in love with YouI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with YouI'm so in love with You
I'm so in love with You
I'm so in love with You
I'm so in love with You
