Te Amo

Stryper

In a time when love is taken with a price
I won't cross the line or blindly sacrifice
We have something that they shine upon the screen
And it's deeper than what's felt or what is seenGolden years, worthless tears
I've seen enough to write tale after tale
But through it all, you never fail[Chorus:]
Te Amo - Living, dying, young and old
Te Amo - You're a treasure with a heart of goldYou were there when I could sense no other soul
And you cared when I was down and letting go
You're an angel that came down to earth to be
The saving grace to help this non believer seeThere is more, so much more
Hidden deep beneath a land of stone
Now it's known, I'm not alone[Chorus:]
Te Amo - Living, dying, young and old
Te Amo - You're a treasure with a heart of gold
