Mallory

Chase Coy

I wonder where you are tonight
I wonder if I'm on your mind
'Cause darling
I know that you've been on mineI'm writing from a hotel room
It's been so long since I've seen you
Away from me
'Cause I will be home soonAnd I, I've been trying to find
The perfect words to write
To say you're always on my mindMallory
I've finally put your name into a song
So when I play it on the road
And everybody sings alongThey will know just who it is
Who inspired me to write this melody
Mallory
MalloryYour dark brown hair and hazel eyes
The way your hands just fits on mine
I wanna have you with me all the timeI know that it's been said before
I may not sound original
But every single day
I love you moreAnd I, I've been trying to find
The perfect words to write
To say you're always on my mindMallory
I've finally put your name into a song
So when I play it on the road
And everybody sings alongThey will know just who it is
Who inspired me to write this melody
MalloryAnd if you're feeling lonely
And I'm far away from home
You can hear my voice
Just put this record onMallory
I've finally put your name into a song
So when I play it on the road
And everybody sings alongThey will know just who it is
Who inspired me to write this melody
Mallory
