Arrogance

Elessar UK

Take a look around the room again and tell me what you see
A little lie of innocence the fighting now so enviously
But I'm not the only one to open up my eyes
Put it on with every word you speak and catch you if I can

Don't hold me down
Tie me up with both my hands
And I'll rip my heart out
Faster than you can
She's my life
She's just something out the way (Tell me your nervous)
She's a little piece of heaven with the devil inside (She's a little piece of heaven with the devil inside)

I get a little bit restless, when your leaving the room cause I don't know where you are
I'm calling out my anarchist cause that's just how the players lose their cars
Never thought I'd be the one to fall over and over

Don't hold me down
Tie me up with both my hands
And I'll rip my heart out
Faster than you can
She's my life
She's just something out the way (Tell me your nervous)
She's a little piece of heaven with the devil inside (She's a little piece of heaven with the devil inside)

They say that love is a sin that is achievable
But when your walking the steps there's nowhere else you can go
They say that love is a sin that is achievable
But when your walking the steps there's nowhere else you can go
They say that love is a sin that is achievable
but when your walking the steps there's nowhere else you can go
They say that love is a sin that is achievable
But when your walking the steps there's nowhere else you can go
They say that love is a sin that is achievable
But when your walking the steps there's nowhere else you can go

Don't hold me down
Tie me up with both my hands
And I'll rip my heart out

Faster than you can
She's not lost
She's not mine
