## ChameleonsVox

Thereâ€™s a boy by the sea  
Builds a raft right in front of me  
Thereâ€™s no wind for his sail  
But the winds change easily

And this girl keeps coming around  
Wants to fly, wants to leave the ground  
Thereâ€™s no lift for her wings  
Awww, what a shame

You choose the easy or the hard way  
You choose the airway or the highway  
You choose everything you say and do  
You choose every second of your life

A long time since I was free  
A long time since I could be  
Fucked up, out of my tree  
A long time since I was me

A long time since I delivered  
A long time since I could give her  
Hot love, the clitoris shiver  
A long time since I swam that river

You choose the easy or the outside  
But you think youâ€™re gonna burn  
Itâ€™s easy on the outside  
You choose everything you say and do  
You choose every moment of your life

Every moment of your life  
Every second of your life  
Stretching forever  
Every person that you meet  
Each sensation that you greet  
Stretching forever  
Forever

Ooh-ooh-ooh

But if sitting on the fence  
Youâ€™ll always get your ass burned

You choose everything you say and do  
You choose every moment of your life  
Every second of your life
