Lover's Day

Charlie Chesterman

Oh, but the longing is terrible
A wanton heart under attack
I wanna love you all the way off
I wanna break your back
And color off all that's hysterical
Travels along your bones
Just to be near you, suckin? your skin
Not gonna leave you alone
Yes, here of course there are miracles
A lover that loves that's one
Groomed with the laughter, ecstatic disaster
Come let's arouse the fun
We could build an engine out of all your rising stars
Tear apart the apart, we seem to think we are
Call off work let's lay
Call it lovers day, call it lovers day
Give me the keys to your hiding place
I'm not gonna tear it apart
I'm gonna keep you weak in the knees
Try to unlock your heart
You're gonna turn me animal
You're gonna turn me dumb
Kiss in the night bringing the light
You're like the rising sun
I hunger for you like a cannibal
Not gonna let you run
I'm gonna take you, I'm gonna shake you
I'm gonna make you cum
Swear to God it'll get so hot, it'll melt our faces off
Then we can see the you the me beyond mirror outside clock
Held naked in the light, held gently, held tight
So soft, get off, get off
Ball so hard we'll smash the walls
And break the bed and crash the floors
Don't stop to laugh and scream
And have the neighbors call the cops
Till all the eyes have seen our fire play
Can't forget, you mark it down
Call it lovers day

Yes, here of course there are miracles
Under your sighs and moans
I'm gonna take you, I'm gonna take you
I'm gonna take you home
I'm gonna take you home
I'm gonna take you home
I'm gonna take you home
I'm gonna take you home
