## Jimmy Clanton

Just a Dream

Jimmy Clanton

Just a dream, just a dream..(just a dream)

All our plans and our all schemes ( all our schemes)

How could I think you'd be mine ( you'd be mine)

The lies I'd tell myself each time I know that we could never last ( never last)

We just can't seem to in the past ( in the past)

Just a dream I dream in vain ( dream in pain)

With you I'd only live in pain Your picture is always with me

I can still hear that same mournful song

And now I sit here crying

Please leave me alone Why , why do I love you ( I love you)

How can I live in misery ( misery)

I know that I won't forget you (forget you)

But now I know it's too late for me

Your picture is always with me

I can still hear that same mournful song

And now I sit here crying

Please leave me alone
