

In The Shadows

Children of Bodom

I cannot get up by the howling cry
Just justify my longing to die,
Bury me down at last,
I think about it in the shadows and cry! Can scissors heal a man torn of tears,
A fading I fear inside.
The reaper in sheet will stand by me
I'm dreaming, I'm wearing a black dress that night! I'm just a being tonight,
And still I'm dressed so black, oh yeah!
Maybe I'm just blind,
But maybe I should try Can't you see why the vision is calling you? I got the one, the dream of horror!
Dreams of blood, dreams of war!
Rudest eyes have seen the fright
Welcome to the eternal night! You won't be a butcher
No, you won't be at last
Somebody's the trigger
Take it off!
What, you are the priest's son? So fuck
So fuck yourself and die! Sill I stand against the death!
Am I just a shade?
Always I'm awake and in black!
Sill I dare to praise the lord
No I won't pass to the lord
Goodbye, no So the keeper waits upon,
He waits upon a border
Let me own your punishment,
It's time to break the border! The candlelight fades away
There's nothing at all but me I stare at death and the darkest one's
Watching me with cold eyes
A god has been with me in the shadows
I lost my reason to hate! ya! (So it's right)
(I can leave the shadows!)
(The last one has to survive!)
Yaww!
Wow, right! With my light shining bright
I got my way, to regret? (just my hearts)
With my last dying rhyme I got my world
To betray for what I did by my motherfucking heart! The shadows draw back into honesty and love!
Obey, and it will cut your throat
I can't speak and you shan't be the next,

The shadows strike in your blame, yaw!
