

Nod Scene

Monster Magnet

Bought another copy of fragile
Seeds were bustin' up the spine
I think I cracked my skull doin' airplanes
Not too many but it's just finePussy scratching sniff in a playboy
Christ, I'm a good looking manFifteen miles to cop on a stingrays
Boys will gonna ride tonight
Goof ball's in the 70's nipples
Gotta get our heads just rightSit me in the lap of the God's babe
Cover me with skin and hairBought another copy of zoso
Seeds were bustin' up the spine
I think I wet my pants doin' whip hits
Not too many but it's just fineSit me in the lap of the God's babe
Cover me with skin and hair
Ride a number one on the home train
Screw you if you think I can't smoke
