

# Possession

## Bad English

Oh yeah, oh yeah  
I can't find myself when you go away  
Makes me wonder where you are  
Is there someone else I just need to know?  
This charade has gone too far  
For the first time in my life, feel I'm losing control  
I can't keep pretending it's my soul that you own  
I need you  
My heart's in your world tonight  
(Possession)  
And you hold the key to my life  
(Possession)  
I've got to be with you I wanna dream with you  
You're my obsession, I want possession, of you  
I can't play this game am I in too deep?  
'Cause my world is where you are  
You're always on my mind the little things you say  
I can feel you everywhere  
The trace of your lipstick I can taste your perfume  
The note that you left me leaves a space in this room  
I need you  
My heart's in your world tonight  
(Possession)  
And you hold the key to my life  
(Possession)  
I've got to be with you I wanna dream with you  
You're my obsession I want possession of you, oh yeah  
Oh yeah, oh yeah  
I can't live without you, can't you see that your mine?  
I need you  
Your heart's in my world  
(Possession)  
In your world, in your world  
Your heart's in my world tonight  
(Possession)  
And you hold the key to my life  
(Possession)  
I want possession of you every night  
I want possession of you for all my life

I wanna walk with you

(Possession)

I wanna dream

(Possession)

(Possession)
