Love In America (Radio Remix)

JTX

Top down, it's raining out
Yeah, I got the music loud
Meet me underneath the iHop signOff of work I got your text
Let me be your cigarette
We'll do it like Madonna in '85Tonight the drink's on me
We'll watch the stars go blue
Ain't gonna get no sleep
Buttons on your Levi's, about to come looseHey kids, here we go heavy metal disco
Put your hands up, this is love in America
Malibu to Broadway, dance away the heartache
Blow the world a kiss, this is love in AmericaAy, ay, yeah, your dreams are gonna come trueAy, ay, yeah, tonight it's just me and youHey kids here we go
Sex, hugs, rock and roll
Fill your cup up, this is love in AmericaOn the street feel the beat, bass kickin' Bruce Lee
Come on, every girl just grab a boy
Cherry vodka snow cone, make a movie on your phone
Kiss the kid born and raised in South DetroitTonight the drinks on me
We'll watch the stars go blue
Ain't gonna get no sleep
Buttons on your Levi's, about to come looseHey kids, here we go heavy metal disco
Put your hands up, this is love in America
Malibu to Broadway, dance away the heartache
Blow the world a kiss, this is love in AmericaAy, ay, yeah, your dreams are gonna come trueAy, ay, yeah, tonight it's just me and youHey kids here we go
Sex, hugs, rock and roll
Fill your cup up, this is love in AmericaLet's go, come on, shake your money maker
Let go, let me be your honey taker
Let's go, come on shake your money maker
Let go, this is love in AmericaHey kids, here we go heavy metal disco
Put your hands up, this is love in America
Malibu to Broadway, dance away the heartache
Blow the world a kiss, this is love in AmericaAy, ay, yeah, your dreams are gonna come trueAy, ay, yeah, tonight it's just me and youHey kids here we go
Sex, hugs, rock and roll
Fill your cup up, this is love in America
America, America, America
