

# Sacred Things (Gus Gus Remix) [Bonus Track]

## Bang Gang

Whatever others do  
We don't follow  
The smoke has settled in our eyes  
AgainIt's misty in our soul  
Clouds are heavy  
Let's crawl up the rain and float  
AwayYou and i  
Walk together side by side  
Doing all that we want  
And we get high, highYou and i  
Walk together side by side  
Doing all that we want  
And we get high, highThe dream of sacred pills  
Keep us going  
We're hypnotizing memories  
AfraidYou and i  
Walk together side by side  
Doing all that we want  
And we get high, highYou and i  
Walk together side by side  
Doing all that we want  
And we get high, high
