While My Heart Is Still Beating

Roxy Music

All of those people
Everywhere, ever so needing
Where's it all leading?
Tell me, where? Nothing insincereI'd better have pity
I'd better go easy
I never will lay down
While my heart is still beatingWhere's it all leading?
Walk on air, am I still dreaming?
Where's it all leading?
Words to spare, lost in their meaningI'd better be strong now
I'd better stop dreaming
My heart has flown away now
Will it never stop bleeding?
