

# The Swiss Army Romance (Unplugged)

## Dashboard Confessional

Sleep with all the lights on  
You're not so happy  
You're not secure And you're dying to look cute  
In your blue jeans  
But you're plastic just like everyone  
You're just like everyone And that face you paint is pressed  
Impressing most of us as permanent  
But I'd like to see you undone College night will draw the crowds  
Dorms unload and you're heading out  
Here is your moment to shine  
Making up a history  
It's nothing from the life you lead  
But man, will they buy all your lines Sleep with all the sheets off  
Bearing your mattress  
Bearing your soul And you're dying to look smooth  
With your tattoos  
But you're searching just like everyone  
You could be anyone And those friends you have are the best  
Impressing most of us as permanent  
But I'd like to see you undone Youth's the most unfaithful mistress  
Still we forge ahead to miss her  
Rushing our moment to shine  
Making up a history  
It's nothing from the life you lead  
But man, will they buy all your lines We're not twenty-one  
But the sooner we are  
The sooner the fun will begin So get out your fake eyelashes  
And fake I.D.s  
And real disasters ensue It's cool to take these chances  
It's cool to fake romances  
And grow up fast And grow up fast  
And grow up fast
