Gravity

Andre Merritt

Oh, Oh, Oh
Oh, Oh, Oh[Verse 1]
Natural attraction like the sun and earth
The main attraction in my universe
Its so magnetic, kinetic, I love your energy
You make it easy for us to be where we s'posed to beI (I) hope (hope) this is the start of a new journey, journey
Cuz I (I) done (done) got attached to you and now I'm happy
You really got a hold on me[Chorus]
There's a hold you got on me, girl, that keeps me close, close, close, close, close
Couldn't leave if I wanted to let you know, know, know, know, know
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,
Pulls me pulls me in
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,
Pulls me like gravity[Verse 2]
Since we've connected everything has changed
A new direction but the past the same
I light up like a falling star when you're next to me
And, baby, you are the reason as far as I can seeI (I) hope (hope) this is the start of a new journey, new journey
Cuz I (I) done (done) got attached to you and now I'm happy
Look at what you done to me[Chorus]
There's a hold you got on me, girl, that keeps me close, close, close, close, close
Couldn't leave if I wanted to let you know, know, know, know, know
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,
Pulls me pulls me in
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,
Pulls me like gravity[Bridge]
Pullin me closer, closer and closer
The more I get to know you the further I go in,
The further I go in
The further I go in
The further I go in[Chorus]
There's a hold you got on me, girl, that keeps me close, close, close, close, close
Couldn't leave if I wanted to let you know, know, know, know, know
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,

Pulls me pulls me in
It's like gravity (gravity), like gravity (gravity)
That pulls me pulls me in,
Pulls me like gravityLike gravity (Like gravity)
Pulls me, pulls me in
Pulls me, pulls me in
Girl your gravity, girl your gravity
Pulls me, pulls me in...
