

For the Last Time

Lera Lynn

In room about this size she came to life
They didn't have the same machines they do tonight
 It's rough road on the way in
 If you make it you'll be back again
 To travel that way reverse
 Father forgive my sins, let me in
 Ooo, ooo
Aaa, aaaThey'll roll her down the hall tonight
 For the last time
 Nearly a century done-love, life, gain, loss
Which way you stumble, take your spin and coin does toss
 It's a rough road on this way out
 But there's a passage in there, no doubt
 And I'm told the bottom
 Is well worth this longer route, this longer route
 Ooo, ooo
Aaa, aaaThey'll roll her down the hall tonight
For the last timeShe's seen enough to know grace and bow out
 All paperwork is notarized you should have, no doubts
 We'll scramble the dilly cue
 We'll find there ain't much to do
 She's gonna lie down with him
 Love like they used to, like the used to
 They'll roll her down the hall tonight
 They'll roll her out of sight tonight
 For the last time
 Ooo, ooo
 Aaa, aaa
 Ooo, ooo
