

The Sweetness

The Ruse

I like to touch you, I like to pull
I like to push you under the soleil
I like to hurt you, I like when you scream
I like it, oh it's just not what it seems It's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh you're so sweet You like the motion, you like the roll
You like your shoulders pushed into the floor
Fix on the floor cause you needed the taste
You like it, oh it's all over your face It's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh you're so sweet I will lift you off the ground
And release you It's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh it's the sweetness
Oh you're so sweet I will lift you off the ground and release you
