Way Too Long

Audio Bullys

Nobody's been coming round your way
Have you been hearing what they say?
They were your buddies yesterday
But you took too long to payHave you heard the latest news
About the cat that got slapped and bashed and bruised
Yeah, I wouldn't wanna be in his shoes
Now the kid's got fuck all to loseBroken friendships too hard to mention
[Incomprehensible] only invention
As we step from old to new
Andy knows we always wanted to check the things we doAll the kids who were your mates
You've let them sitting on their hate
When you're asleep or you're awake
You cannot hide from your mistakeHas he checked the fresh tickets?
Get my fuckin' money or you get my fuckin' fist
Personality switchin' twitchin'
Like the girls on the springer show bitchin'Boy's in major shit now
Hasn't even got a little bit now
'Cause he was out on the town, knockin' drinks down
Spiffin' all his money and throwin' it aroundNobody's been coming round your way
Have you been hearing what they say?
They were your buddies yesterday
But you took way too long to payAll the kids who were your mates
You've left them sitting on their hate
When you're asleep or you're awake
You cannot hide from your mistakeHave you seen where Stevie's been?
Well, I've seen him by the way
If you know what I mean
Where?Well, he was at the club last night
Drinkin' with a girl and she looked a bit alright
What the fuck is he doin'?
Spending all my money on a girl, now I'm screwin'I only ticked him for a favour
And he pays me back with that kinda behaviour?And that just seems to be the way things go down
Just enjoy it to the point of no return
Let's get paid, let's just get paidAnd that just seems to be the way things go down
Just enjoy it to the point of no return
Let's get paid, let's just get paidAnd that just seems to be the way things go down
Just enjoy to the point of no return
Let's get paid, let's just get paid
