

# You Are The Music

## David Guetta

You are the music  
You are the reason I believe  
You are the seasons  
You are the blessings I receive  
You are the answer  
Lighting the fires of passion burning deep  
You are inspiration  
Running like a million rivers over me  
And you take me  
And you take me  
To a place I've never been  
And you take me  
And you take me  
And you take me  
To a place I've never been  
Oh, you are the music, yeah yeah  
Woah, you are the reason I believe  
Woah, you are the music  
Woah, you are the reason I believe  
You are the reason, yeah  
You are the reason, yeah  
You [Incomprehensible] hear the music, yeah  
You are my soul, yeah yeah yeah  
You, you, you, you  
And you take me  
And you take me  
And you take me  
And you take me  
And you take me  
To a place I've never been  
And you take me  
And you take me  
And you take me  
To a place I've never been  
Oh, you take me  
Take me, take me, take me, take me  
To a place I've never been, no
