Bury Me

Handguns

Bury me alive, six feet under lies
Pile up the dirt and then just leave me here to die
All the sacrifices that I've made
Cause for an open -
Like a concious autopsy
I feel your knife pierce through me
Wide awake as you cut me apart
It's like a drum within
Well then yours must be dimmed
You are the death of me
and I'm not scared to go to hell
'Cause I know you'll be there as well
Bury me alive, six feet under lies
Pile up the dirt and then just leave me here to die
If I had just one wish, I'd drag you down with me
Rot hand in hand for eternity
When I said I'd die for you
I meant the honest truth
I always keep my promises
and now I'll follow through
Digging your ditch tonight
I'll enjoy the view
Of worms by the glow of candle light
I dare you to join me
and I'm not scared to go to hell
'Cause I know you'll be there as well
Bury me alive, six feet under lies
Pile up the dirt and then just leave me here to die
If I had just one wish, I'd drag you down with me
Rot hand in hand for eternity
As I take my final breath and start to close my eyes
I'm thankful for this time I get to have you by my side
So lay your head upon my chest as our love decays
Underneath the solid ground where we'll spend all our days down here
Down here
Bury me alive, six feet under lies
Pile up the dirt and then just leave me here to die
If I had just one wish, I'd drag you down with me
Rot hand in hand for eternity

Just bury me
