

Sanctuary

Autograph

Na nana na nana 4x
Ohhh
Oh yeah

I feel a shiver
Soaring through the air
I never hit and run
One night affairs
Yeah yeah yeah
I hear the animals
Start to howl
Nobody's safe
When the wolves are
On the prowl
On the prowl

I'm looking for some shelter
I'm reaching out my hand
A little peace and passion
Understand
Understand

Na nana na nana
I need a little sanctuary
Na nana na nana
Give me some sanctuary
Na nana na nana
Give me your sanctuary
Be my peace
Be my peace
Yeah ow ow

I see the signs
Flashing in the sky
I know it's gonna be
A long and lonely night
A lonely night
I've got the cure
For the weak at heart
Skip a beat

You're dead

Before you start

Before you start

Don't want to play with fire

I only need some heat

A little peace and comfort

In the sheets

In the sheets

Yeah

Na nana na nana

I need a little sanctuary

Na nana na nana

Give me your sanctuary

Na nana na nana

Give me my sanctuary

Be my peace

Be my peace

Been looking nowhere

For what I can't dream

The blind are leading the blind

But such a feeling

For what I'm hoping to find

Yeah yeah

Come on come on

Na nana na nana

I need a little sanctuary

Na nana na nana

Give me your sanctuary, yeah

Na nana na nana

Come on and be my peace

Na nana na nana

Come on and be my peace

Na nana na nana

Yeah yeah yeah
