How Life Can Turn

The Appleseed Cast

Out there in the yard now playing with their dad. I'm amazed at how alike you are. See now the strangeness because I feel so many things all at once, it's wonderful to see. The smiles are everywhere, the cold's gone from the air the sun shines as they play my smile wont wipe away. They're laughing at you, everything that you do. You open your arms to them, they run in to tackle youâ€¦ it's so good to see you now, and times been good to you, it just so amazing, your smile is shining through. Amazing how life can turn one day to the next you know. I'll figure out where I am and figure which way to go.
