You Are the Winner

Hitarda

If you see only grey Mondays
I'll show you sunny warm Sundays
You should know
No matter what happens
I'll be with you...You're a man
with champion spirit
Life is great...
no fear and no limits
Just believe all your dreams will come true
I'll never tire of repeating to you
***
You are the winner
You are the king of my world
Now I'm singing this song to inspire your soul
I'll be your angel
Shine like a tower of light
That is guiding you home
In the dark of the night
***
When we met
you lifted me higher
Made me laugh dream and desire
I feel alive
When I see the fire in your eyesJust be yourself
This is your power
Appreciate this moment my darling
And believe all your dreams will come true
Now the world opens wide for us two
***
You are the winner
You are the king of my world
Now I'm singing this song to inspire your soul
I'll be your angel
Shine like a tower of light
That is guiding you home
In the dark of the night
***
You are the winner
You are the king of my world

Now I'm singing this song to inspire your soul
I'll be your angel
Shine like a tower of light
That is guiding you home
In the dark of the nigh
