

# Days Turn Into Nights (feat. Michael Logen)

## Delerium

One by one the days turn into nights  
I pretend you're still with me and all is right  
Wake up to the dawn  
This spinning sphere we're standing on  
One by one the days turn into nights  
Into night One by one the days turn into nights  
Sky and sea collide like cosmic city lights  
Wake up to the dawn  
This spinning sphere we're standing on  
One by one the days turn into nights  
Into night You don't have to be alone anymore (It's just a dream) Ready or not there goes the sun  
Another day over and done  
Ready or not there goes the sun  
Another day what have I done You don't have to be alone anymore
