Boys Pop The Bottles, Girls Pop Their Asses
Girls talk about it,
But they make it happen
So boys bring out the bottles
And ladies show your asses
Their coming over
Love in the back

Cause lets get a little rewind
Cause shes naked on the dance floor
I saw her eyeing me earlier
Ahh when i think i just
I walk up to her
Hi baby whats your sign?
Whats your number
Heres my phone just put it in
She told me what she was drinking

Told her what i was thinking
I got another drink
And i got another drink
I got her hooked like that
Now we're in the car and she can't keep her hands to herself
Now we're at my house and I cant keep my hands to myself.

[chorus]
Boys Pop The Bottles, Girls Pop Their Asses
Girls talk about it,
But they make it happen
So boys bring out the bottle
And ladies show your asses
